MENTORING COLLABORATIVE

Mentoring Collaboratives are community-wide resources for mentoring programs, people looking to become mentors, and youth who want a mentor or need access to mentoring services. A Collaborative serves as a coordinating body for mentoring activities in their service area, which could be city-wide, county-wide, or regional in focus. They provide awareness and education around mentoring issues and work to ensure that all age groups are represented and provided with mentoring services. Collaboratives are made up of the mentoring programs in their service area, and they meet regularly to share best practices, learn about new trends in the field, partner on projects, and learn from one another.

MENTOR MICHIGAN VI STA

The Mentor Michigan VI STA program supports Mentor Michigan's goal of recruiting 10,000 new mentors for Michigan youth. Through this program, 25 individuals will be serving full-time throughout Michigan to support the development of youth mentoring programs by:

- Identifying and securing resources to support the development and sustainability of mentoring programs.
- Recruiting mentors and connecting them with effective programs serving youth.
- Developing partnerships with business, faith-based and nonprofit organizations, education institutions, and government.
- Increasing public awareness about mentoring and the positive outcomes associated with it.
- Providing training and support for mentoring programs.

The Mentor Michigan VI STA program is managed by the Connect Michigan Alliance.
